JULY - 1924

Section 1.

**THE ADJUSTED COMPENSATION ACT OF
1924 - or the "Federal Bonus."**

As is now general knowledge, the last Congress of the United States passed an Adjusted Compensation Act, which is now a law on the books. The act that was adopted by that body is not the original one, but a compromise that lacked all the benefits of the original bill and has been well described as the "Tombstone Bill." The original, or the Greene Bill contained provisions that were for the economic good of the entire country in its many provisions, and not limited to the good of any one class. The bill that was passed will enable every ex-service man to at least have a good tombstone.

But the law is the law. As very few ex-service men understand the new measure, we shall try to explain it to the boys of the Company. It contains two provisions only. First is that a cash bonus will be paid to every one who served 120 days or less. This applies to none of us. If you served longer, you will receive a paid-up twenty year endowment policy which is payable July 1st., 1945, or on your death prior to that date. The value is fixed on length of service, and place of service in the army.

For every day served in the United States you figure one dollar and for every day served overseas you figure \$ 1.25. From the total of these two, you deduct the \$ 60.00 paid to you on your discharge in 1919. This will give you the "cash value" of the policy. To find the amount that will be paid you on death or in 1945, you multiply this "cash value" by the factor given next to your age on July 1st., 1925. Thus, to figure the amount, take days in the U. S. times \$1.00 and days overseas times \$ 1.25. Add the two and subtract \$60. And that result multiply by the fact for the age.

Blanks for filling out application are now obtainable on application to all the Army, Navy and Marine re-

cruiting stations, officers and posts, as well as all patriotic organizations such as the American Red Cross, Veterans of Foreign Wars, American Legion, etc. and several newspaper offices. The War Department has requested that we do not reprint the application. There has been printed by the Public Printing Office about fifteen million blanks, so that there will be no shortage. This figures three for every person in the service. You will not need to present original or copy of discharge.

If your discharge is not handy, you can fill out the blanks from memory. You will not need to appear before notary or commissioner of deeds, as you simply identify yourself by placing your finger prints on the application. This may be done by rolling the finger tips on a pad such as used for rubber stamps.

In case of death of the ex-service man the form for application by the next of kin will have to be sworn to before the proper officer.

We have figured out the following as the general service of the man of Company "G". It is based on entry into the service on May 28th., 1918 and discharge on June 28th., 1919, with service with Company "G" during the entire period. The majority of men served between these dates, but if different dates follow through with your own figures as indicated. Also this covers only the ages that were subject to draft in 1917 and 1918.

The first column represent the age on July 1st. 1925, the second column is the factor by which the cash value is multiplied, and the third is the amount payable if the figures used apply to your case.

- - x - - x - -
From May 28th to Aug 3th., 1918. 69 days at \$ 1.00--- \$ 69.
From Aug 6-1918 to June 17-1919- 335 days at 1.25--- 393.
June 18th to June 28th., 1918,-- 11 days at 1.00--- 11.
Total ---- 473.

Thirty-Payment Life,
Twenty-Year Endowment,
Thirty-Year Endowment,
Endowment at 62.

Policies are issued in a-
mounts from one to ten thousand
dollars in multiples of \$ 500.
Premiums are payable monthly on
the first of the month, but may
be paid quarterly, semiannually,
or annually at a discount.

If you are interested send
to U.S. Veterans Bureau at Wash-
ington, D. C. for form 752, and
this will give you full infor-
mation.

LETTERS FROM THE BOYS.

Sand Springs, Mont.
May 6th., 1924.

I received the last number
of the Bulletin and Company His-
tory some time ago and was glad
to get it, for that is the only
way I ever hear of any of the
old Co. "G" boys. I am out
here where there are very few
of Company "G" and I have not
saw any of them since I was dis-
charged, and have heard from
only one.

We are having a snowstorm
out here today. The ground was
white this morning, and it looks
as if we would get quite a snow
before it is over with.

I have just started to seed
my wheat as we had an awful back-
ward spring in Montana this
year.

I am still single and am
batching on my homestead so
please write when you can as I
get pretty lonesome some times
and would like to hear from any
of the boys of old Company "G".

Your Buddy,

ELISHA E. THOMAS.

ANOTHER "G" MAN STEPS OFF.

John J. O'Brien on Master
Day was married to Miss Anna M.
Hall the sister of Thomas J.
Hall, who was also one of the
boys of Company "G".

Best Wishes, Buddy!

WHAT SHALL WE DO WITH THE BULLETIN?

This Bulletin is not what I make it, - but what YOU MAKE IT! for I can do nothing except to assemble the news which you send me. Two years ago we were going strong with plenty of news for an issue every three months, but now a letter from any of the boys is a rare thing in my mail box. What is the trouble? It is easy enough to keep this paper going if I hear from the boys, but to keep sending it out to a silent group of readers is as unsatisfactory as talking into a broken telephone. I do not know if I am wasteing time and energy or not.

During the summer, now will be still better, write and let me know your views on the following questions:

Is it worth while to keep the Bulletin going?

If so, would you rather have the Bulletin to contain only personal letters, or to have it made up as it is now, with special items, such as List of War Photographs, Company History, etc.?

Would you rather have a couple of pages every month or two, or an issue of 8 to 12 pages two or three times a year?

If you wish the Bulletin to continue, will you pledge to write in at least twice a year?

At the present time the Bulletin is going out to about 180 of the boys of the Company. If each one wrote in at least once a year there would be no shortage of news. Let me hear from you, for your silence will only mean that you do not care to have the Bulletin continued.

The supplement in this issue completes the list of War Photographs. Another issue will be sent out in October, 1924 and it will contain a large installment of the Company History, which was omitted from this issue. That will bring it near completion.

Let me hear from every one of you before that time, and with best wishes to all, I am,

Sincerely

Ross Fleming

AN OLD FRIEND.

Early in June, for the first time since before the war, both the George Washington and the Martha Washington appeared at the same time in New York Harbor.

After transporting Company "G" from St. Nazaire, France to Charlestown, South Carolina, the steamer Martha Washington conveyed about 500 German prisoners from Charlestown to their homeland. Some of these prisoners were ones that we had guard-

ed in Greenville before going to France.

The next time that this vessel appeared in the news was in a dispatch from Brazil where she was tied up for eight months on account of a strike by the harbor workers.

After the war in the disposition of the German Merchant Marine, the Martha Washington was given to Italy.

We believe that we have related before that the Steamer "Charles" - or the "Harvard" which we crossed the Channel is now in service on the Pacific Coast.

LIST OF A. E. F. PHOTOS.

July - 1924
Section 2.

Continuing our list of A. E. F. Signal Corps pictures which may be secured from the War Department at a small cost, we wish to quote a letter of the government regarding them:

"1. The price of standard $6\frac{1}{2}$ by $8\frac{1}{2}$ inch photographs is fifteen cents the copy. These photographs are finished in black and white only. Enlarged copies of these photographs may be had at the following prices:

Size:	Black and white:	Septia:
11 x 14 inches	\$.40	\$.45
14 x 17 inches	.55	.65
16 x 20 inches	.80	.90
18 x 22 inches	.90	1.10
20 x 24 inches	1.15	1.25

"2. Additional information pertaining to official war photographs may be had by consulting the catalogue of Official A. E. F. Photographs, War Department Document No. 903, at any public library. This office will send on request individual catalogues of such divisions as may be desired.

"3. Remittances to this office should be made in currency, or by money order, payable to the "Photographic Section, Signal Corps," only. Stamps or personal checks cannot be accepted. "

- - x - -

Your editor has already obtained several copies of the photographs, $6\frac{1}{2}$ x $8\frac{1}{2}$ inch size at fifteen cents each and is well pleased with them. We have marked those in this list which are of special interest to members of the Company. Send numbers and titles together with money order for the pictures desired direct to the Photographic Section, Chief Signal Officer, Washington, D. C.

We shall be glad to supply any additional information that you may desire.
